To Our Residents, Family Members and staff:

We want to inform you that we have received confirmation that one staff member at Saint Francis Rehabilitation and Nursing Center has tested positive for COVID-19. We are continuing with our implemented re-emergence protocols and will continue testing 100% of staff and residents weekly until 14 days with no new positives.

Saint Francis Rehabilitation and Nursing Center is staying in very close communication with local and state health officials to ensure we are taking all the appropriate steps.

We will contact you if your loved one is suspected or diagnosed with COVID-19.

We know this is a difficult time for everyone. We will continue to provide you with updates as they become available. **Our website is updated daily or more as needed. Please visit www.saintfrancisrehab.com/coronavirus-community-updates for details.**
