

SAINT FRANCIS

REHABILITATION AND NURSING CENTER

December 4, 2020

To Our Residents, Family Members and staff:

The following is an update on visitation after consulting with the state epidemiology department.

- 2 north, 3 west and 4 west units-no visitation until 14 days no new positives.
- 3 north and 3 south unit-residents may have visitation as they were not directly exposed to the positive staff or resident.
- New admissions who were admitted to the 2 north unit after 11/28/20 may have visitation as long as they are not having COVID symptoms.

Your loved one's safety continues to be our top priority. Saint Francis Rehabilitation and Nursing Center is staying in very close communication with local and state health officials to ensure we are taking all the appropriate steps.

We will contact you if your loved one is suspected or diagnosed with COVID-19.

We know this is a difficult time for everyone. We will continue to provide you with updates as they become available. **Our website is updated daily or more as needed. Please visit www.saintfrancisrehab.com/coronavirus-community-updates for details.**

Sincerely,

Katie Joyce

Katie Joyce, Administrator
