

SAINT FRANCIS

REHABILITATION AND NURSING CENTER

January 23, 2022

Residents, Family and Staff:

We want to inform you that today we have received confirmation that two (2) staff members have tested positive for COVID-19. With every new positive case, we test residents and staff within 48 hours then every 72 hours until no new positives for 14 days.

We continue to have cases of COVID with both staff and residents. We have reviewed these cases with our state epidemiologist. At this time we can resume visitation on the 2 west, 3 west and 4 west units. We must continue with no visitation for the next 72 hours on the 3 North, 3 South and 2 North units as this is where the COVID cases are currently. We will reevaluate this again on Monday 1/24/22. Please remember that compassionate care visits are allowed.

Saint Francis Rehabilitation and Nursing Center is staying in very close communication with local and state health officials to ensure we are taking all the appropriate steps. We will contact you if your loved one is suspected or diagnosed with COVID-19. We know this is a difficult time for everyone. We will continue to provide you with updates as they become available. Our website is updated daily or more as needed.

Please visit www.saintfrancisrehab.com/coronavirus-community-updates for details.

We encourage you to visit our website for updates and please reach out to us directly with any questions.
508-755-8605.

Sincerely,

Katie Joyce, Administrator
